

1060 HUSKY A Traditional Medicaid Plan Start Date

We recently sent you letters asking you to choose a HUSKY A health plan. Our records show that you have not picked a plan. Since you have not chosen a plan, the following people in your family will continue to receive their HUSKY A medical, vision, pharmacy and dental care from the Traditional Medicaid program

First name last name

With Traditional Medicaid you can go to any health care provider that takes Medicaid. To find out which health care providers take Medicaid, you may either check our website at ctmedicalprogram.com or call 1-877-CT-HUSKY (284-8759) and press #3.

You recently received a gray CONNECT card in the mail. You will need to show this card whenever you receive health care services. You will also need to show this card at the pharmacy in order to get prescription medications.

The Medicaid program is required to help you get an appointment for your child to see a doctor or dentist. If you are unable to get an appointment on your own, please call HUSKY at 1-877-CT-HUSKY (284-8759) and press #3 for assistance.

HUSKY A provides a full range of medical, dental, and behavioral health care services, including EPSDT. EPSDT stands for Early and Periodic Screening, Diagnosis, and Treatment. EPSDT helps children up to age 21 get the health care services they need to stay healthy. These EPSDT services are provided through Traditional Medicaid:

- Medical check-ups, including a reminder about when it's time to go
- Immunizations or 'shots' at the right age
- Blood and laboratory tests when necessary
- Dental check-ups, twice each year beginning at age two
- Dental fluoride treatments twice per year
- Dental X-rays once per year
- Regular vision and hearing check-ups
- Help finding health care providers and scheduling appointments
- Free transportation if you need help getting to appointments
- Health education and information about other services your child may need

Behavioral health care services are available to Traditional Medicaid families through the Connecticut Behavioral Health Partnership (CT BHP). Call the CT BHP at 1-877-552-8247 to arrange behavioral health care services. Behavioral health services are services for mental health and substance abuse problems.

Please note, you have the right to change your HUSKY A health plan at any time. To change plans, you must call the HUSKY Program at 1-800-656-6684.

This information is available in alternate formats. Phone 1-800-842-1508 or TDD/TTY 1-800-842-4524.

Thank you,

Connecticut Department of Social Services, HUSKY Program
